

November 14, 2013

To Our Shareholders:

Your Board of Directors and the management and employees of ICTC Group, Inc. appreciate your investment in the Company, and through that, your investment in us. We want you to know that we are committed to enhancing the intrinsic value of that investment.

The financial statements for the third quarter and management's discussion and analysis of that period are enclosed. In short, this was a challenging time for the Company – revenue and earnings were down overall, expenses were up overall. To meet these challenges, we are initiating vigorous marketing and sales efforts for the new capabilities described below, and are reducing our costs commensurate with the continued provision of excellent service.

The Company is now completing the construction of fiber optic facilities to serve the communities of Hope, Sanborn and Tower City. Within the next few months, our Inter-Community Telephone subsidiary will be able to offer fiber-based services to more than 300 homes in those towns. This will greatly increase the scope and capacity of the communications we can offer to our customers – new services provided with greater bandwidth and at higher data speeds, using the most efficient technology in the industry.

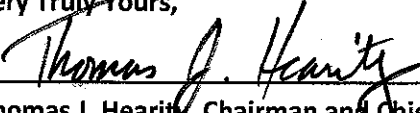

Valley Communications, our CLEC subsidiary, is also expanding sales efforts for its fiber optic facilities serving the business district of Valley City with high-speed broadband facilities. The construction of our fiber "backbone" is now complete and several customers are already connected. Our high-speed Internet access and other advanced services will be offered to the entire Valley City business community in the near future.

In addition, to support our expanding fiber deployments, we are installing a state-of-the-art switch at our office in Wheatland. We expect this installation to be complete by yearend. The new switch will enable the Company to offer customers a broad range of services which are made possible by fiber optic facilities.

With regard to the liquidity of your investment in the Company, as we have previously announced, your stock may be sold or additional shares purchased in the public market provided by the Pink Sheets[®]. An explanation of how to sell your stock is enclosed and is available on our website, www.ictcgroup.net. If you have any questions, please contact us through the website or at (701) 924-1000.

Once again, thanks for your investment in the Company. On behalf of the Company's Board of Directors, its management and employees, I am

Very Truly Yours,

Thomas J. Hearity, Chairman and Chief Executive Officer
